1. INTRODUCTION

Welcome to the CometJet Cargo Division!

We are thrilled to welcome you to our Cargo Operations. While our passenger service connects people, our cargo division is the backbone that keeps the virtual economy moving, delivering essential goods across the globe with precision and reliability.

Operating heavy freight requires a unique set of skills, discipline, a commitment to excellence and pilots' activity. These regulations ensure that every delivery is handled with the highest standard of virtual professionalism.

We are excited to see you master new options and opportunities. Happy flying!

CometJet CEO & COO - Kamil and Adrian

2. OPERATIONAL CARGO REGULATIONS

§1 GENERAL RULES

1. The Comet Cargo Division is the cargo division of the virtual airline CometJet, operating within the Microsoft Flight Simulator and X-Plane environments.
2. Every pilot joining Comet Cargo agrees to follow these regulations and general rules and regulations of CometJet Virtual Airlines.

§2. RECRUITMENT CRITERIA AND PROBATIONARY PERIOD

Access to cargo operations is granted exclusively to verified passenger line pilots who have demonstrated loyalty and high activity;

1. The candidate must have been a CometJet pilot for at least 3 full months prior to applying to the cargo division.
2. For the application to be considered, the candidate must demonstrate a specific number of flights completed in CometJet's passenger livery during the month immediately preceding the application:
 - *From September to May:* a minimum of 10 successfully completed flights or a total of 8 flight hours in the month.
 - *During the summer season (June, July, August):* a minimum of 15 properly reported flights or a total of 13 flight hours in the month.
3. Failure to meet the above requirements will result in automatic rejection of the application.

§3. APPLICATION PROCESS

Applications to the cargo division must be submitted through the Pilot Panel on the CometJet website: <https://www.cometjet.eu/pilotDashboard>

§3. PILOT RESPONSIBILITIES

1. Every Comet Cargo pilot is required to
 - complete a minimum of 4 flights per month in Comet Cargo division
 - complete a minimum of 2 flight per month in CometJet PAX airline
2. Consequences of inactivity:
 - Failure to meet the requirement of 4 flights per month results in immediate termination.
 - Reapplying for admission to Cargo is possible only after 7 days and upon re-fulfilling the conditions in §2, point 2.
3. All absences should be reported on the *#absences* channel on the Discord server.

§4. Operational Standards and Brand Integrity

1. During the initial phase of operations (beginning in June 2026), the only permitted aircraft type is the designated model (Boeing 777F). The use of other aircraft under the Comet Cargo call sign is prohibited.
2. The use of the official Comet Cargo livery is mandatory.
3. Prohibition on modifications:
 - a. There is an absolute prohibition on altering the graphic files (textures) of the official Comet Cargo liveries.
 - b. This prohibition includes: changing logos, color schemes, adding custom text, side numbers (registrations), or any other graphic elements.
 - c. This rule also applies to modifications for personal/private use (offline). The Comet Cargo brand must be presented in a uniform form approved by the airline's management.
 - d. Detection of a modified livery (e.g., in screenshots published on social media, Discord, or during events) results in a warning.

§5. CAREER PATH

Outstanding activity (*more than 5 flights per month*) will be rewarded with special badges on the pilot's profile and the opportunity to choose unique, challenging high-altitude routes.

§6. FINAL PROVISIONS

1. The CometJet Admin Team reserves the right to change flight hour limits in the event of MSFS server failures or updates to external systems.
2. Ignorance of these rules does not exempt users from the obligation to comply with them.
3. The Admin Team's decisions on disputed matters are final.

This version of the OCR is an initial version. We are open to any feedback.
